Professor Gerbner -

Thank you for responding to my most recent correspondence.
I was delighted to hear that you are going to be in New York City this
month. I was even more delighted to hear that you are willing to speak
at Teachers College, if you are available.

I spoke to several professors in the Department of Communication,
Computing, and Instructional Technology. They were as enthusiastic as I
was to hear you present your most recent research ideas etcetera. The
Dean (Dean Judith Berman Brandenburg) also shared our enthusiasm and has
offered to fund a luncheon colloquium on Tuesday, November 16, should you
be available to speak.

Please let me know if this arrangement is acceptable to you.
If this is inconvenient, we would like to have you speak at a colloquium
at a later date.

PS. Plans for the nineteenth at UPENN are, unfortunately, still tentative.
I will be able to be more definitive shortly. Should the plans fall through,
I hope that you will still be open to meeting with me at a later date -- at
your convenience, naturally.

Best Regards,
Janet Schiff
