

SCAL. DOC  
Gustina - do you  
have the disc?

J

- ① Scan of what is now happening in support of these general ideas and obstacles that exist.
  - Organizations, their missions, their current activities + resources
  - Individuals
  - Bibliography
  - Identification of issues, that are being addressed (or at least articulated), constituencies/policies (including policy issues)
  - Assessment of effectiveness of these current activities
  - Identification of gaps in issues and approaches
  - Formation of committed "working group"
- ② Development of option paper for what could be done - differences in such dimensions as breadth, type of activity, funding level, etc.
- ③ Consensus development among the working group on the strategic niche that this group or activity could fill.
- ④ Action agenda, including formation of organization, funding, etc.

Was Hunt disc?

1. Scan of what is now happening in support of these general ideas and obstacles that exist.
  - Organizations, their missions, their current activities & resources
  - Individuals
  - Bibliography
  - Identification of issues (including policy issues) that are being addressed (or at least articulated), consistencies/policies
  - Assesment of effectiveness of these current activities
  - Identification of gaps in issues and approaches
  - Formation of committed "working group"
2. Development of option paper for what could be done - differences in such dimensions as breadth, type of activity, funding level, etc.
3. Consensus development among the working group on the strategic niche that this group or activity could fill.
4. Action agenda, including formation of organization, funding etc.
