Professor George Gerbner  
3620 Walnut Street  
Philadelphia, Pa 19104-6220

Dear Professor Gerbner:

I am enclosing a copy of the "Committee of 300" which will confirm the information you were eluding to on TV.

I have decided to publish books some years ago, exposing the details of the PLAN 2000 which includes the takeover and control of the media. I and other colleges are attempting to establish media in which the masses can relate to (They quit reading) all part of the programs of the N.E.A. and its programming of our children. Eustace Mullins is coming out with a book shortly " The Child Molesters" in which he attacks the education system and media for what you described on the air. You undoubtedly will not be invited to speak again on nation TV as you speak the TRUTH.

May God be with you in the days ahead.

Regards,

George Green  
President
