

OUR FOCUS

The goal of Pacem in Terris is to facilitate the active participation of people and organizations on the Delmarva Peninsula, especially the religious community, on issues and projects relevant to the quest for peace with justice throughout the world. We also serve as an educational and resource center. The people and organizations working on Pacem in Terris projects are making a positive contribution toward peace by efforts to change community attitudes and by involvement in people-to-people projects. Pacem in Terris seeks to help people understand, through seminars, activities and experiences that peace is not a dream, but a necessity, now, and in the future.

Pacem in Terris has established a reputation among educators, clergy, private citizens, civic groups, and the media for programs that inform the public about peace with justice and motivate people to make a difference by becoming involved in the work of peace. By the work we are doing, we are trying to identify more clearly our call to peacemaking and the spiritual yearnings that give it origin and sustenance.

OUR HISTORY

Pacem in Terris (Latin for "Peace on Earth") is the oldest and largest organization on the Delmarva Peninsula working for peace with justice in the world. Over the years, it has stood at the forefront of peacemaking in this area, expanding public awareness on such key issues as ending the war in Vietnam, alleviating world hunger, stopping the nuclear arms race, reconciling Protestant and Catholic teens in Northern Ireland, improving US / USSR relations, abolishing apartheid, altering US foreign policy in Central America, opposing the death penalty, and working for social and racial justice in our own community.

The purpose of Pacem in Terris has evolved over the years, and we are now:

- *A Community of peace lovers exchanging ideas and energy, furthering peace, compassion and justice for all.*
- *A Creator of educational forums on the Delmarva Peninsula that demonstrate peaceful solutions to complex problems.*
- *An Umbrella providing administrative services to projects and like organizations, such as: Ulster Project Delaware, Volunteer Service Exchange/International, Delaware Citizens Opposed to the Death Penalty, and several religious judicatories.*
- *A Counterforce to the military-industrial complex and the false philosophy that more armament makes the world safer.*
- *A Consciousness-raiser of the social and economic inequities that promote violence at home and abroad.*
- *A Visionary of a world beyond war, based upon non-violence, justice, cooperation, right sharing and sustainable development.*
