I have not heard from you since my telephone message to you after I received that very comprehensive draft, asking you to call to discuss some style details. I talked with George Gerbner right after that and he planned to edit the draft during his flight to the mid-west. Have you talked with him? I am copying this to both Howard Myrick and George Gerbner to see where things are. Perhaps everyone is out of town but I would like to know whether you have gotten any responses from your requests for copies of materials. Anything that anyone gave me at the end of the sessions I turned over either to Linda or to you. I hope things are going well for you. Let me know what's happening.
