You should initiate the conference call, since all the calls would be out-of-state for me. Here are the telephone numbers:

Jean Moore 610-259-6493
Howard Myrick 215-248-5382
Irene Berkowitz 215-204-7596
Brian 609 865 5127 (~~still waiting for his new number~~)
Linda 609-784-2382

The agenda should include:
1) Review of the goals and objectives of the conference
2) The best way to achieve those goals (whether we should have separate panel breakout sessions or stay in one group).
3) What is expected of moderators and discussion leaders
4) What should be included in conference packet
5) What options exixt for publishing conference results
6) Ask Howard about possible video tape
7) Suggestions on soliciting volunteers to staff the registration table and to record the conference proceedings (I posted a notice on the MM&C listserv two weeks ago...only two replies thus far.)

The only change in agenda to date is the time of Somerset-Wards speech. Halstead can speak anytime on Friday. Maybe we should discuss what would be best time for his speech during the conference call.
