Dear Dr. Gerbner:

It is with great pleasure and a sense of true accomplishment that address this expression of appreciation to you for your contribution to the recent World Academic Conference of the Seoul Olympiad '88.

Your participation in the conference served to validate our efforts and contributed much to the overall success of the conference. We feel that, with your support, we were able to meet our goals of fostering academic understanding between countries of differing cultures and of addressing many common concerns specific to the international effects of post-industrial society.

Thank you once again for the knowledge and experience you shared so freely with all of us.

Sincerely,

Won-Yong Kang, S.T.M.D.D.
Chairman
