

June 13, 1984

Dr. George Keyworth, Director
Office of Science and Technological Policy
Executive Office of the President
Room 360
Washington, DC 20500

Dear Dr. Keyworth,

I am writing with regard to the conference on science and the media which the Annenberg School will be holding on October 21st through 23rd, here in Philadelphia. I believe that General Hilsman of the NSCCE spoke to you about our interest in having you participate in the conference. George Gerbner, Dean of the Annenberg School, will be directing the conference program but, as he is out of the country this month, I am writing to ask that you hold the dates open on your calendar. George will be getting back to you early in July with more details about the conference. If there are any questions I can answer in the interim, you can reach me at (215) 898-5620.

I look forward to seeing you here in October.

Sincerely,

Larry Gross
Professor of Communications
