MEMORANDUM

TO: Dan Costello, Gerald Miller, Fred Smith

FROM: George Gerbner

This is in response to Fred Smith's memo of May 10 concerning manuscripts for the Journal of Communication.

These manuscripts were submitted for the Journal, and at the moment only the Journal is in actual existence. Therefore, in my opinion all surplus and new manuscripts should be sent to me until there is a statement from Jerry that Communication Monographs is prepared to accept manuscripts. At that time Jerry and I will get together and decide how we want to sort out existing papers and to solicit new manuscripts.
