Nejat: I do not feel comfortable making an estimate of any time earlier than the summer. We're moving ahead but slowly. Nancy

HERE IS MY RESPONSE TO HER RESPONSE:

Nancy: I understand that. No numbers in this quarterly report. One very important consideration though: Our ANNUAL REPORT is due end of April. We have to "present something" from the Sports department in that report... For two reasons:

- 1) Our contract stipulates so.
- 2) It is pretty much known that the first Annual Report will be a most crucial factor -- if not THE factor -- in RWJ's decision to renew our contract for the originally proposed, but "deferred," third year.

First reason is open to interpretation, and we can find ways of getting around it perhaps... But, clearly, we would want to do everything we can for the renewal!

Therefore, could you please plan the work in such a way that we would at least have some PARTIAL results (therefore also a good basis for projection) for the Annual Report? For instance, the Basketball Playoffs, Hockey, plus some pertinent ESPN1 stuff? (just off the top of my head)

Nejat.

Nejat: will look it over and do my best. Playoff stuff probably will be best bet. N

MY RESPONSE TO THIS:

Nancy: thanks. Remember that we have money we have to spend during the period we are given it. N.
