

The following is an addendum for the Editorial Board only. As I noted at the meeting, it is imperative that this Board meet and consult, select a facilitator to get the materials distributed and to get the editorial process initiated and concluded. As you will recall, the process was nearly derailed on the issue of how to get this process started. Thanks to Jacquelyne's and Linda's and others' constructive intervention, at least half of the task was accomplished while we still had at least half of the Steering Committee present.

Now we have to attend to the other half of the business. I am asking the Editorial Board to participate in a telephone conference that will select the facilitator and review timetable and procedure. The telephone conference will take place Friday, March 22nd at 2 pm St. Louis and 3 pm Philadelphia time. Please respond with the telephone number where you can be reached at that time by phone to CEM,

Those who have volunteered so far for the editorial advisory committee are Selena Y. Khan, Daniel Mayeda, Mark Crispin Miller, *David Hong*.
