Dr. Gerbner - I hope this answers some of your questions about the convention speeches. The "additional materials sent" column should say what the materials are and how many pages they are, but I left them at home so I'll update that tomorrow. Although Elaine Wynne, Keyan Thomaselli, Cees Hamelink and Lynn Curtis are not on the tape or transcribed, they all sent us copies of their speeches so we have them nonetheless.

As for the Broadcast Standards Summit, all four tapes have been transcribed in their entirety and some panelists have sent articles and papers relating to their speeches, but that is all the action that has been taken regarding the summit.
