I am writing on behalf of Dr. Lyuba Dzekhonova who is applying for research support. I have known Dr. Dzekhonova since 19988-89 when she spent a year at our School as a Visiting Scholar. I was her faculty host and had the opportunity to observe her work.

Subsequently, Dr. Dzekhonova also participated in joint research studies that I have coordinated, and we published some of her work in a book I have co-edited.

In all these activities Dr. Dzekhonova proved herself to be an able and diligent scholar. She is highly respected at Moscow State University where I visit periodically on joint research. Her project is timely and promises to make a needed contribution to knowledge.
