USA

Dear Professor Gerbner

I am pleased to send you the 1992/93 SPRU Annual Report and the new CICT brochure, along with information about the Centre's recent reports and publications. I hope you will find the material of interest. If you would like additional information about any of our projects or publications, please contact our Information Officer, Betty P Skolnick.

The interest which you have shown in the Centre's work in the past has been appreciated, but we are aware that individuals' interests and concerns change over time. For this reason I attach to this letter a form which will enable you to tell us if you wish to remain on our mailing list, and to correct any inaccuracies in the information we hold. I would be very grateful if you would take a minute to complete it and return it to Ms Skolnick.

Yours sincerely,

Robin Mansell, Head
Centre for Information and
Communication Technologies
