Dear George,

This is a follow-up note to our meeting in Montreal in April. I have since heard once from Jacques Brodow who seems keen to host a CEM Convention in Quebec City. I said I'd be happy to help him with the program.

Enclosed is a copy of the program I helped develop for the conference at Ryerson University last week, of which I spoke when we last met.

The panel on media went well. I began my own remarks with reference to the CEM Founding Convention, the documents, my book MIND ABUSE, & your book, AGAINST THE MAINSTREAM, in which the founding documents are discussed. I now have a copy of your book for review purposes & have made reference to it in the first of a monthly column I will be doing beginning in August, for a popular on-line magazine aimed at youth. I had a feature article in the April Issue, in which I make extensive reference to your work. (see enclosed) We tried to send you a copy by email but seem to have the wrong address. If you wish to log on and have a look yourself, the website is [www.yesthl.com](http://www.yesthl.com)

Also, if you wish to see the entire text of my paper from the Ryerson Conference, the listserv is [woca-media@yahoo.com](mailto:woca-media@yahoo.com)  
Stay well! (over) Love Rose

P.S. I told Rianee Esler, in a letter sent  
to her, that you wish to have her  
address and box no.
