Dear Dr. Robbins:

It is with great pleasure that I recommend Dr. Clara McCauley for your post-doctoral position working with children with abdominal problems, and their families. I have know Clara for about twelve years as a colleague and friend. I have worked with her on numerous projects involving communication of children, as well as on her doctoral dissertation.

I can say with great enthusiasm that Dr. McCauley is a gifted and skillful clinician, very good in handling difficult situations. Equally impressive are her compassion, ability to empathize, and relate to many different individuals. She is also personable, reliable and diligent.

On the personal level I have found Clara to be warm, caring, kind, patient and humorous. She will go far at a steady pace and maintain an optimistic manner and attitude.

In short, I believe that attracting Clara McCauley would be a credit to you department, and that she will make a significant professional and personal contribution.

Please feel free to contact me if you need any additional information.
